TIMES VIRGINIAN

### Buckingham

Mr. and Mrs. William P Johnson have the genuine sympathy of the whole community in their misfortune, their youngest daughter has temporary aberation of mind and Drs. Morris and Tucker and a Justice of Peace examined her and she was taken to Staunton State hospital by Mr. P. P. Glover and her father and it is hoped that with proper treatment there she may be soon relieved.

That good man, Samuel Spencer of "Dixie" passed away last week leaving to his sons a good name which is rather to be chosen than great riches. Mr. Spencer and his excellent wife raised a family of boys who have gone out in the world and made it better by their clean lives.

Miss Emily Harrison of Alabama, so well-known in society circles when she has visited here was married a few weeks ago to Dr. Wilson who she had known from the time when they were at school together and it seemed as if they might enjoy a long life of happiness together, but just a few days after they came home from their bridal trip the husband was taken ill and died the next day.

A man sent me a postoffice order drawn on Greyburn postoffice which is not a money order office and I returned it with the request that he send me another drawn on Buckingham. Postmaster Jones has had a phone put in the postoffice at Buckingham which is a great convenience to the patrons of the office and now one should be placed in the school building for the convenience of parents who have their children here.

Mrs. J. H. Robertson ranks as one of the best house keepers in this county and her hospitality is equal to her good management.

It costs 50c now to shuck a barrell of corn and put it in the house.

A negro named John Jefferson took his little child to Dr. Tucker's office for treatment last week and the doctor said the child had the worse case of diphtheria he ever saw and I hear that the child died.

Mr. Mason has killed hogs, made up his sorghum, sowed wheat and sold a load of tobacco.

75c and board is what is being paid hired help on the farms and farmers say the present price of farm products other than tobacco do not justify paying that much.

Negro miners in W. Va., write their home people that they only get about two days work in each week.

Mr. Pomp Wood has built a nice house near Greyburn postoffice.

Mr. and Mrs. Robert Hall are expecting Dr. Miller of Charlottesville, to come for a hunt Thanksgiving week.

The sales of tobacco on the Dillwyn market were light during the past week owing to the continued dry and windy weather.

Mrs. Grace Boatwright clerk of the county school board has been busy mailing warrants to teachers to pay their salaries It is estimated that it will take $5000 more money than is now available to pay teachers salaries for the school year.

I hope the readers of the Virginian may enjoy Thanksgiving and each do something to make someone else happier.

## The Deciding Factor

Your selection of a bank is naturally influenced by its reputation for safety and conservatism, by the standing which it enjoys in the community.

But, when these qualifications are met, the courteous and friendly helpfulness of its service becomes the deciding factor.

In The Farmers National Bank of Appomattox you find recognized safety and conservatism in policy and practice—and you also find that atmosphere of cordial welcome, and that satisfying personal attention which make your contact with the bank most truly satisfying.

We pay 4 per cent interest on savings

THE LONG ARM OF THE NATION

The strength of every nation is measured by its sea power. In war the navy is the deciding factor. In peace it is the most powerful insurance against future war. Little-known facts of intense interest concerning our navy are told in one of the series of stories about Our Government which we are sending out each month.

To receive with our compliments this story and all those issued before, merely send us your name and address.
